		<p>Advise clients to follow government advice on what to do if they experience any Covid-19 symptoms and confirm that their counsellor will do the same. Ensure clients know that if their or their counsellor tests positive for Covid-19 the NHS will be contacted and for test and trace purposes there may be a requirement to disclose names and contact details (but not the context in which counsellor and client know each other)</p> <p>Provide copy of risk assessment to clients. Ask for an emailed response confirming it has been read and understood</p> <p>Air purifier and ioniser added to counselling room to remove harmful indoor air pollutants</p> <p>Advise clients of guidance which came into force on 8 August asking anyone receiving 'professional services' to wear a mask. Due to the nature of the work, the importance of clear communication and safety measures currently in place, choosing not to insist clients wear a mask but accepting their choice should they wish to do so.</p> <p>Counsellor has received both covid vaccinations</p>
